FAYETTEVILLE, ARKANSAS

ALMA MATER

Pure as the dawn on the brow of thy beauty
Watches thy soul from the mountains of God
Over the Fates of thy children departed
Far from the land where their footsteps have trod.
Beacon of Hope in the ways dreary lighted;
Pride of our hearts that are loyal and true;
From those who adore unto one who adores us—
Mother of Mothers, we sing unto you.

We, with our faces turned high to the Eastward Proud of our place in the vanguard of Truth, Will sing unto thee a new song of thanksgiving—Honor to God and the Springtime of Youth. Shout for the victory or tear for the vanquished; Sunshine or tempest thy heart is e'er true; Pride of the hills and the white-laden Lowlands—Mother of Mothers, we kneel unto you.

Ever the Legions of Sin will assail us,
Even the Battle in Cities afar;
Still in the depth will thy Spirit eternal
Beckon us on like a piloting Star.
Down the dim years do thy dead children call thee,
Wafted to sleep while the Springtime was new;
We, of the Present, thy Hope of the Future—
Mother of Mothers, we pray unto you.

THE UNIVERSITY MACE AND BATONS

The mace and batons are symbols of the authority and history of the University and are made from balusters from the original main staircase of Old Main, erected in 1875, the oldest University building now standing. The batons are carried by members of the faculty who are serving as marshals.

MARSHALS' GOWNS

The gowns worn by the marshals are of the traditional University color, cardinal red.

HONOR STOLES

White or cardinal stoles denote students who are candidates for

University Honors. Cardinal represents Honors (cum laude) and white represents High Honors (magna cum laude). White stoles with cardinal and white cords represent Highest Honors (summa cum laude).

THE UNIVERSITY SONG

In 1909 a prize of fifty dollars was offered for the best poem relating to the University of Arkansas that should be capable of being set to music and used as a college song. Out of many entries, that of Mr. Brodie Payne, '1906, of Hot Springs won the prize. The words were set to music by Professor H. D. Tovey, Director of the Conservatory of Music and Art at the University.

ACADEMIC REGALIA

The styles of gowns differentiate degree level. Trim of doctoral gowns indicates nature of degree (black or royal blue — Ph.D.; light blue — Ed.D.). Certain members of the faculty wear distinctive gowns and hoods authorized by their doctoral institutions. The lining of the hood denotes the color(s) of the institution awarding the degree. The official colors of the University of Arkansas are cardinal and white.

The color of the velvet band around the hood designates the academic degree of the wearer. Some examples are listed below:

THE UNIVERSITY SEAL

The Seal of the University of Arkansas is affixed to each diploma and is stamped in gold on each diploma cover. The central element in the Seal is the front entrance to Old Main, the oldest building on campus.

HONORARY DEGREE RECIPIENT

Governor Mike Beebe Honorary Doctorate of Laws, LL.D.

Mike Beebe was born to a single mother in a tarpaper shack in Jackson County, Ark., in 1946. He and his mother lived in many different places around the country as he grew up, finally settling in Newport when he was a teenager. He took full advantage of this new stability, attending Newport High School, learning from members of the community who chose to mentor him, and working at a local grocery store to help support his mother and himself. After graduation he took advantage of an Arkansas Rural Endowment Fund to attend Arkansas State University. He

graduated in 1968 with a 4.1 grade point average.

Beebe enrolled in the University of Arkansas School of Law while also serving in the U.S. Army Reserves. He graduated in 1972 with a Juris Doctor and joined the Searcy law firm of Lightle, Tedder and Hannah. He was appointed to the Arkansas State University Board of Trustees in 1974, at the age of 26, and served a five-year term, the last two years as chairman.

Beebe was elected to the state Senate in 1982, beginning a 30-year career in state government. He served 20 years in the Senate, before the term limit law forced him out of office. In that time he became an expert on state budget matters, state policy regarding children, education and economic development, and, perhaps most important, the legislative process. He was instrumental in writing legislation for ARKids First, extending Medicaid coverage to the children of low-income working parents, and worked with Republican Gov. Mike Huckabee to win its passage.

When the state term limit law forced him to leave the Senate, Beebe was elected Arkansas attorney general in 2003 and served one term, focusing on child safety and law enforcement issues. He was elected governor in 2007 and is now finishing his second and final term.

As governor, Beebe combined his legislative expertise, his willingness to work in a bi-partisan manner and his passion to improve the lives of all Arkansans to work with the state legislature to achieve an unprecedented number of major accomplishments, including:

- Reduction of the state sales tax on groceries from 6 percent to 1.5 percent with the potential to reduce it to one-eighth of 1 percent.
- Creation of a statewide trauma care system
- Increased funding for pre-kindergarten programs
- Greatly improved rankings for K-12 education
- Establishment of a college scholarship program for low-income students
- Increased support for higher education, particularly research funding.

In 2011 Beebe was named Public Official of the Year by Governing magazine. He also received the Chancellor's Medal from the University of Arkansas in 2008, and the Distinguished Alumnus award from the Arkansas Alumni Association in 2009.

HONORARY DEGREE RECIPIENT

Anita Huffington Honorary Doctorate of Fine Arts, D.F.A.

Anita Huffington was born in Baltimore in 1934, attended the University of North Carolina, Bennington College and the University of South Florida, before receiving a Bachelor of Arts and Master of Fine Arts in sculpture from the City College of New York. She originally came to New York City in the late 1950s to study dance with Martha Graham and Merce Cunningham. She became acquainted with a diverse and individualistic group of painters, sculptors, musicians and poets during this time. She gradually found her interest in human form shifting away

from dance, influenced by classical sculpture and stimulated by the ideas she encountered in the New York art world. After many years she and her husband left the city, seeking a greater connection to nature. In 1977 they found a haven in the Arkansas Ozarks, near Winslow, and her new home and surroundings became a prime source for artistic inspiration. This mixture of experiences helped Huffington find her own path as a sculptor.

Huffington works in stone, bronze, wood and mixed media. Her work reflects both the world of art and the spirit of nature.

She has exhibited her work around the country, both in one-person shows and as part of group exhibitions. Her sculptures are part of the permanent collection of Crystal Bridges Museum of American Art, the Arkansas Arts Center and the Metropolitan Museum of Art. Three of her works, "Spring," "Rebirth" and "Earth," are on permanent display at the University of Arkansas.

Huffington was awarded a fellowship in 1992 by the Arkansas Arts Council, was given a residency by France's La Napoule Art Foundation in 1996, was honored with the Jimmy Ernst Award in 1997 for her lifetime artistic contributions, and received the Governor's Individual Artist Award in 2005.

"My sculpture is my response to nature and art," Huffington has written. "There is a long struggle to develop the skill and vision that allows the freedom for a spontaneous response. It is based on intimate experience with the sensual, tactile images of life but not solely dependent on the visible. Working through the known to the unknown, I use the human form and sometimes animals to penetrate the mystery and express spirit.

"My sculpture has always been a composite and synthesis of elements drawn from nature and the history of art. With sandstones in particular (perhaps affected by their rude nature), I seem to move backward through time from classical, to archaic, to prehistoric to the unknown form in the formless. Through more and more reduction, down to elemental forces of rock and earth, I seek a unity that expresses something more than the visible."

OUTSTANDING ALUMNI AWARD

Dr. Bernard D. Murphy 2014 Outstanding Alumni Award

Bernard D. Murphy serves as president of the Jones-Hamilton Co., an employee-owned chemical company in Walbridge, Ohio, with markets in food, pet food, poultry, steel, water treatment, oil and gas. Murphy worked internationally for seven years supporting the development and marketing of animal health products

around the world. His career has been closely aligned with the poultry industry, managing businesses related to nutrition, primary genetics, processing, food safety and environmental quality.

Murphy was raised on a small farm in Maryland and received his Bachelor of Science degree in Animal Science from the University of Delaware in 1975. After working for several years he returned to school to earn a Master of Science degree in Poultry Science in 1978 from the University of Arkansas and a Ph.D. degree in Poultry Products and Meat Science in 1986 from Iowa State University.

Murphy was a charter member of the University of Arkansas Poultry Science Alumni Group. He is also the first Executive in Residence in Bumpers College. He was instrumental in the development and ongoing support of the Jones-Hamilton Co. Environmental Research Poultry Facility at the University of Delaware. Murphy's interest in promoting the opportunities in the poultry industry and fostering a strong network for students led him to develop travel grants for students who attend the annual poultry science professional meetings. Murphy is also an adjunct member of the Poultry Science Department at Texas A&M University.

The clinic serves children and adults with communication disorders and hearing loss. She managed the Starkey Hearing Foundation's program that provided hearing aids to more than 2,500 people in Rwanda. She is currently the Executive Director of an Arkansas based nonprofit working in Rwanda, Bridge2Rwanda, where she founded a scholarship program that has sent more than 50 Rwandan students to 35 universities in five countries with a total of \$9 million in scholarship funding.

COMMENCEMENT SPEAKER

Dr. Melody B. Musgrove

Dr. Melody Musgrove grew up in Mississippi, the child of public school teachers. She worked as a classroom teacher, school administrator, district special education director and assistant superintendent before serving as State Director of Special Education for the Mississippi Department of Education until January, 2007. She then moved to the private sector as Director of Business Development for LRP Publications, the nation's leading publisher of legal and regulatory guidance for educators.

Dr. Musgrove was selected by the White House to be Director of the Office of Special Education Programs (OSEP) for the U.S. Department of Education, and assumed the role in August of 2010. OSEP is responsible for providing leadership to the early intervention and educational agencies serving our nation's 6.7 million infants, toddlers, children and youth under the Individuals with Disabilities Education Act (IDEA).

Dr. Musgrove's career is distinguished by her commitment to collaborative frameworks that find creative solutions to difficult educational problems. She is focused on improving outcomes for all children, and experienced in using data to influence systemic improvement decisions. Since becoming director, Dr. Musgrove has been leading OSEP staff through a thoughtful process, in collaboration with stakeholder groups, to change the way OSEP works and to shift, as Secretary Arne Duncan has said, "from a compliance-driven bureaucracy to an engine of innovation" that is focused on improving results for children and families.

Melody and her husband, Ronnie, have four children ranging in age from 25 to 31, all of whom graduated from Mississippi's public schools and universities. To their great delight, Melody and Ronnie also have a grandchild, Evelyn, who is three years old. The Musgrove family also includes a rescued shelter dog named Noah. Melody and her husband divide their time between homes in Madison, Mississippi, and Washington, DC.

COMMENCEMENT SPEAKER

Patricia Hoffman
Assistant Secretary
U.S. Department of Energy
Office of Electricity Delivery and Energy Reliability

Patricia Hoffman is the Assistant Secretary for the Office of Electricity Delivery and Energy Reliability at the U.S. Department of Energy. The Office of Electricity Delivery and Energy Reliability leads the Department of Energy's (DOE) efforts to modernize the electric grid through

the development and implementation of national policy pertaining to electric grid reliability and the management of research, development, and demonstration activities for "next generation" electric grid infrastructure technologies.

Hoffman is responsible for developing and implementing a long-term research strategy for modernizing and improving the resiliency of the electric grid. Hoffman directs research on visualization and controls, energy storage and power electronics, high temperature superconductivity and renewable/distributed systems integration. She also oversees the business management of the office including human resources, budget development, financial execution, and performance management. Before joining the Office of Electricity Delivery and Energy Reliability, Hoffman was the Program Director for the Federal Energy Management Program which implements efficiency measures in the federal sector and the Program Manager for the Distributed Energy Program that developed advanced natural gas power generation and combined heat and power systems. She also managed the Advanced Turbine System program resulting in a high-efficiency industrial gas turbine product.

Hoffman holds a Bachelor of Science and a Master of Science in Ceramic Science and Engineering from Penn State University.
